# Your Drug Product and Finished Goods CDMO Partner For Life

End-to-end services designed for patient safety and centricity while offering contracting convenience, cost efficiencies and time savings

Our globally integrated drug product (DP) and finished goods (FG) services offer agile and flexible solutions for clinical to commercial products. Our DP capabilities include aseptic filling in vials, pre-filled syringes or cartridges using state-of-the-art isolator technologies, phase appropriate process development, formulation, stability and release testing of clinical and commercial products. Our FG capabilities include assembly, packaging and labeling lines in addition to storage capacity.

## Connecting the dots to support the complete Biopharmaceutical Value Chain
